Vorsprung durch Technik

Three words that express the very essence of Audi. Vorsprung durch Technik isn't a slogan. It's our way of seeing the world. It is the driving force behind our history of innovation that continues into the 21st century. Indeed, many technologies that Audi pioneered remain in our cars today. Some are milestones in the history of the motorcar. From our beginnings in 1899, to the Auto Union team's Grand Prix successes in the 1930s and our more recent wins at Le Mans, we have always been at the forefront of the motor industry.

Vorsprung durch Technik makes us who we are. To see more of its influence, just read on.

Audi TT.
The history of an icon.

When revolutionary design meets advanced technology, legends are born.

Indeed, when the Audi TT concept car was first unveiled to the public in 1995, it met with immediate and huge acclaim.

Few production cars resembled their concept quite as closely as this one. And when the Audi TT first went on sale in 1998, it quickly became one of the most popular sports cars in its class.

In 2006, another milestone. The second generation TT launches. With Audi Space Frame technology, it's 90kg lighter – translating into an agile and responsive drive that garners award after award.

And now, we're unveiling the third generation TT. Unique, distinctive, unmistakably Audi: the all-new TT continues to define the notion of what a sports car should be.

D
IN TT 301

The new Audi TT. Redesigned, re-engineered, reborn.

The curves, contours and proportions are familiar. But the design is sharper. The performance more powerful. The handling more responsive.

Welcome to the third generation Audi TT. An all-new iteration that combines the latest Audi technology with a striking evolution of its iconic design.

The changes begin with a wider, more imposing stance. At the front, a broad, single-framed grille flanked by dramatic, angular headlights. And at the rear, a hidden central brake light underneath a concealed spoiler that rises automatically at speeds above 74mph.*

Inside, a redesigned cabin, featuring the Audi Virtual Cockpit showing all driver information in a display never seen before in an Audi.

Under the bonnet, a new 2.0 TFSI petrol engine. With output increased from 211PS to 230PS, acceleration is even more responsive. And with 50kg of weight saved, the new TT is more efficient as well as more agile.

The new Audi TT. The icon is reborn.

TT Coupé

From the outside, the all new TT Coupé has all the iconic style of its predecessors. The classic shape has been streamlined but its silhouette remains as recognisable as ever.

Step inside the latest incarnation of the TT Coupé however, and you'll find a completely redesigned interior. Air conditioning controls have a revolutionary new design and are integrated into the air vents. And with innovations like the Audi virtual cockpit that puts all of the car's controls at your fingertips, it's a car that puts you firmly in the driving seat.

IN TT 401

TT Roadster

The all-new TT Roadster maintains all the distinctive hallmarks that make it instantly recognisable. A fully-acoustic fabric hood. Aluminium-look rollbars. And the unmistakable TT silhouette.

But under the bonnet, things have changed.

Our award-winning 2.0-litre TFSI engine has been enhanced yet further to generate more power and torque. And despite the advances in performance, it uses less fuel and produces fewer emissions than its predecessor. Which is one improvement you'll appreciate from the very first drive.

TTS

A beauty and a beast.

The S badge on an Audi model signifies something special. And the TTS is something very special. Combining blistering performance with marque-defining styling the third generation TTS is both beautiful and powerful. Power has been increased by 38PS so the super-efficient 2.0-litre TFSI four-cylinder, variable valve engine now puts 310PS of power through either a 6-speed manual or S tronic transmission to power the quattro® all-wheel drive; that, thanks to TT-specific software, now propels the TTS from 0-62mph in 4.6 seconds and onto a limited 155mph top speed.*

Audi Magnetic ride ensures the TTS sticks to the road and handles with exceptional agility and precision when driven hard; while highly distinctive bumpers and rear diffuser, chrome-plated quad exhaust tailpipes, 19" 5-arm alloy wheels and black painted calipers hint at the TTS's capabilities and intentions - even when it's stationary.

Inside, the TTS also delights. Front Super Sport seats look and act the part, while the TTS specific Audi virtual cockpit displays the superb performance of the TTS in a wide 12.3" fully digital display.

*Where the law permits.

IN TT 330

Matrix LED lights

Look good, see better.

Far from just making a dramatic statement, optional Matrix LED headlights featured on the new Audi TT incorporate remarkable technology that adapts automatically to the car's surroundings.

Sensors and an inbuilt camera allow Matrix LED headlights to detect rear and oncoming lights of other road users, as well as ambient light in built-up areas. The technology then reacts by dipping individual LEDs to prevent dazzle, while still fully illuminating the remainder of the road.

Using the vehicle's optional navigation data, Matrix LED technology can even anticipate corners, adjusting LEDs as you negotiate the bend. The result is a much wider visual range, benefitting both you and other road users. And with dynamic, sweeping LED indicators at both front and rear, the striking look is complete.

quattro®

New TT. New quattro.

quattro reborn: our legendary all-wheel-drive system returns in the new Audi TT to give you even more traction, grip and driving enjoyment.

The mechanics of quattro in the new TT have been refined and developed, but particular attention has been devoted to the controlling software.

Coupled with Dynamic mode in Audi drive select, the system that enables you to adjust the performance characteristics of your car, more torque is now distributed to the rear axle in a fraction of a second for more agility on sportier drives. While in Efficiency, Comfort, Auto and Individual modes, the ideal amount of power is distributed to each wheel to maintain the new TT's perfectly balanced handling according to driving conditions and your preference.

Improved traction, better grip, more driving fun. Welcome to new quattro all-wheel-drive in the new Audi TT.

Efficiency

Sometimes less is more.

At Audi, doing less is something we're trying to do more of. We're constantly working to use less fuel, release less CO_2 and waste less energy. That's why we've incorporated Audi ultra technology into the new TT: to make your drive dynamic, powerful and efficient.

It begins with lightweight engineering. With Audi Space Frame technology, both aluminium and steel are used for elements of the body – making the new TT up to 50kg lighter than its predecessor. So, while the car is more agile, it's less demanding at the fuel pump.

Efficiency continues with Audi drive select including Eco mode, standard on the new TT. This allows you to change the vehicle to a more frugal configuration when it suits you.

Yet this efficiency in no way compromises performance. So while the 2.0 TDI ultra engine achieves up to 67.3mpg and CO_2 emissions of just 110g/km, it also produces a staggering 380Nm of torque with acceleration of 0-62mph in 7.1 seconds.

TT
IN TT 350

IN TT 401

Rue du Rhône

Change from within.

Using our latest innovations and meticulous attention to detail, our designers created a sleek, uncluttered new cabin.

Gone is the analogue instrument cluster, replaced by the Audi Virtual Cockpit displaying all information from directly behind the steering wheel. This, in turn, makes for a slimmed down instrument panel.

With a stroke of inspiration, the classic TT round air vents now house air conditioning controls and optional digital displays.

Standard Sports seats in Alcantara/leather with integrated headrests complete the cabin’s radical new look: sharp, minimalist, sporty.

Audi Virtual Cockpit

Visible innovation.

Always evolving, ever improving: the Audi Virtual Cockpit, featured for the first time in the new Audi TT, sets new standards.

Located directly behind the steering wheel, a 1440 x 540 pixel, 12.3-inch digital screen shows all information directly in front of the driver. Operated via the MMI Touch button, voice control and the multi-function steering wheel, the display can be switched between ‘classic’, with prominent speedometer and rev counter, or ‘infotainment’, which brings functions such as the navigation map or media to the fore. And in the TTS there is a third screen showcasing a rev counter in the centre of the virtual cockpit.

With brilliant graphics, a 3D impression and highly detailed effects, the Audi Virtual Cockpit is the embodiment of the new TT’s technological innovation.

Images for illustrative purposes only.

Switch views at the touch of a button

Drivers can choose their preferred view but switch easily as required, simply by pressing the 'view' button on the multi-function steering wheel.

Ultimate driver control

The Audi Virtual Cockpit can be controlled using the multi-function steering wheel, the latest voice-control technology or MMI Touch – the touch-sensitive panel on the rotary/push-button in the centre console which enables you to enter letters and digits with your fingers – allowing for intuitive operation without taking your eyes off the road.

Audi Connect

Stay networked on the move.

Being inside your car shouldn't mean losing touch with the outside world. That's why, with Audi Connect, the new TT creates a link between you and the Internet.

With high-speed, 4G Internet access in your car, you can go online to access information, entertainment and Google Earth™ navigation maps by scrolling, tapping or speaking your commands. Audi Connect can even find you the cheapest fuel price in your area. And, with a wireless hotspot within the car, passengers can connect their mobile devices – to browse the Internet, download emails, or access social media.

With Audi Connect, the world stays at your fingertips.

Please note that an external data source is required to enable Audi Connect online services. Terms and conditions apply to certain Audi Connect functions. Please see page 68 for additional information. †Only available if your mobile phone has the Bluetooth profile MAP (Message Access Profile)

WiFi hotspot
Connects your mobile devices to the internet

Email
Your emails can be transmitted to your Audi MMI and read out conveniently†

Online media streaming
Pairing a smartphone with the Audi Music stream app offers access to worldwide radio stations and music stored on the smartphone

Facebook
Integrate your personal network into Audi Virtual Cockpit. With text-to-speech and other convenient text functions

Twitter
Enables you to tweet and receive updates on the move. With text-to-speech and other convenient text functions

Weather information
Gives you forecasts and maps for your chosen destination

Map update
The map version delivered can be updated free of charge with the first 5 navigation updates which are issued at intervals of 6 months

News online (individual)
Text and images from your favourite news sources with text-to-speech function

City events
Up-to-date information about events happening at your destination

Points of interest
Search Google™ using voice control

Traffic information online
Complements the dynamic route guidance with real-time traffic flow information for individual stretches of road

myAudi – special destinations
Import individual point-of-interest (POI) lists to your Satellite Navigation system via the myAudi portal

Train information
Find departure and arrival times and platform information while you're on the road (also available for other types of public transport such as underground systems)

Country specific information
The legal regulations for a specific country, such as speed limits or whether it is compulsory to carry a high-visibility vest or display a motorway toll sticker, are displayed when crossing a border

Fuel prices
Information on filling stations with the cheapest prices in your selected search area

Parking information
Helps you find car parks nearby and, where available, information on prices and currently vacant spaces

Flight information
Get information about departure and arrival times as well as the corresponding gates and search directly for flight numbers

Access smartphone voice control
Such as Siri (iPhone 4S and higher). By pressing and holding the voice control button on the multi-function leather steering wheel you can access the voice control function of the Bluetooth-connected smartphone directly, even while driving

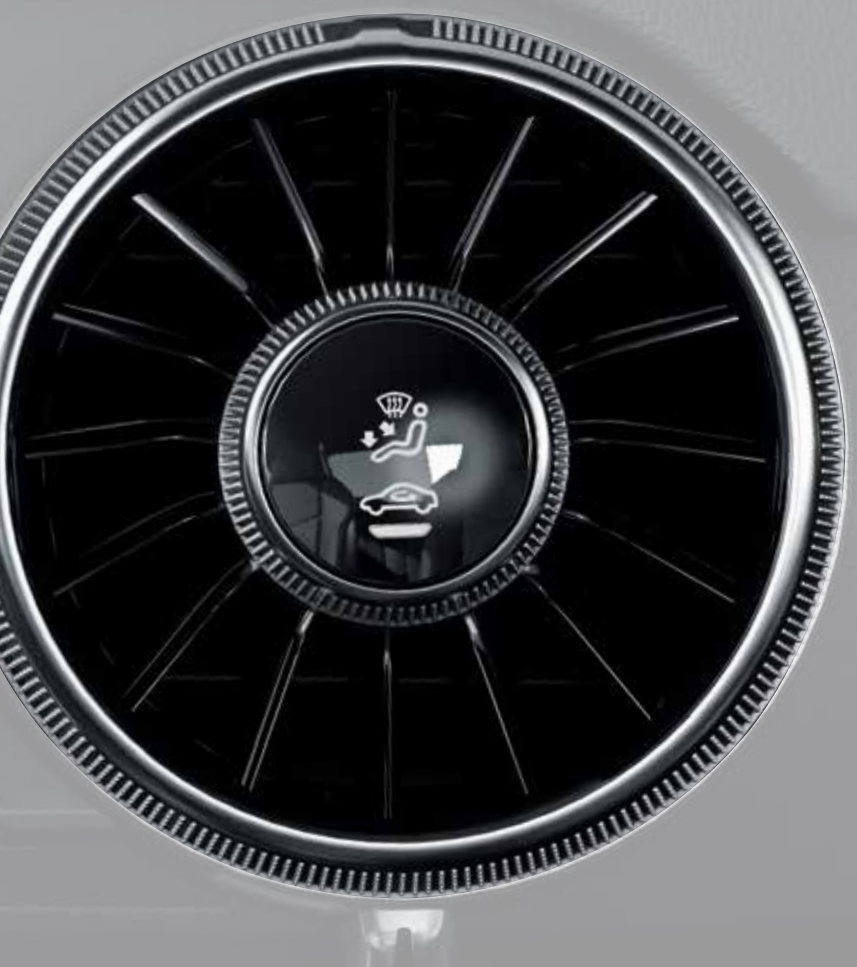
Navigate with Google Earth™ and Google Street View™
Uses high-resolution aerial and satellite images as well as photos to guide you to your destination

Destination entry via myAudi or Google Maps™
If required, navigation destinations can be conveniently planned on your PC or smartphone. myAudi and Google Maps™ allow individual navigation destinations to be sent to the vehicle. When you start your journey, these can be easily loaded as your destination

Technology

Technology is advancing at an ever faster pace, and choosing the right technology for your car is an important decision.

Here at Audi, we strive to make that choice as easy as possible, so we've packaged some of our most popular equipment together for simplicity, but also added value. The most popular of which are our Technology package, featuring Audi Connect and our Comfort and Sound package. For further details please see page 68.



Climate control

Set low and with an arresting turbine-like look, the round air vents exemplify the new TT's leaner interior design. With controls and optional digital displays integrated within the vents, space has been saved on the dash, contributing to a clutter-free look in the cabin. For convenience, adjustment functions for seat heating, temperature, direction and strength are fixed in the vents' axes. Deluxe electronic climate control automatically maintains the air temperature at your chosen setting and includes digital displays. This option is available within the Comfort and Sound Package.

MMI Navigation Plus

With MMI Navigation Plus, the navigation system is integrated into the stunning 12.3" Audi Virtual Cockpit to offer a 3D map display. It enables you to set your destination by simply writing characters on the touchpad or by saying a town or street name, so you don't need to divert your eyes from the road.

Bang & Olufsen

An extraordinary car demands an extraordinary sound system. With a 680-Watt, 14-channel amplifier and 12 optimally placed loudspeakers, the new Audi TT's optional Bang & Olufsen system provides just that. When combined with the Technology Package, this system delivers high-definition, 5.1 surround sound which, thanks to the standard active VNC (Vehicle Noise Control), is never impaired by internal or external ambient noise.

But it's not just about listening pleasure: every visible part of the system is designed to integrate elegantly into the car's sleek new cabin.

Sport model equipment

All TT Coupé Sport models have the following items of standard equipment

Wheels, tyres and suspension

18” x 8.5J ‘10-spoke’ design alloy wheels with 245/40 R18 tyres

Audi drive select with 4 pre-configured modes – Auto, Comfort, Dynamic, Efficiency and an Individual mode, allowing the driver to electronically adjust the engine, transmission and steering. Modes can be selected via a button in the centre console or via the MMI system

Anti-theft wheel bolts

Tyre repair kit

Electromechanical parking brake

Progressive steering – High steering precision combined with minimised steering effort thanks to variable steering ratio. Increases the vehicle’s agility when cornering and reduces steering work when parking – can be configured via Audi drive select

Start-Stop system with energy recuperation

Audio and communication

Audi Virtual Cockpit – 12.3” high resolution LCD display. The fully digital instrument cluster is customisable by the driver. All the functions and services are depicted using superb graphics with a 3D impression and detailed effects in brilliant clarity

Audi Music Interface – Universal connection for use with stereo audio sources, USB and MP3 devices including Apple iPod generation 4 onwards. The interface provides charging function (dependent on device)

MMI Radio which includes:

- Single CD player and two SDXC memory card readers (MP3, WMA and ACC compatible)
- MMI control panel with MMI Touch – a touch sensitive control panel that enables the driver to enter letters and digits using their fingers
- TP memo, which automatically saves traffic news when driving
- FM and AM (MW) radio reception
- 4 front passive speakers

DAB digital radio

Bluetooth mobile telephone preparation – For hands-free mobile phone connectivity and Bluetooth audio streaming (depending on compatibility of mobile phone)

Seat belt microphone – integrated into the seat belt to improve voice quality while making a call in any driving situation (Roadster only)

18” x 8.5J ‘10-spoke’ design alloy wheels

Audi Virtual Cockpit

Xenon headlight with LED daytime-running light

Exterior equipment

Fully automatic acoustic hood made out of insulated, three-layered fabric. Opens and closes in just 10 seconds up to road speeds of 31mph (Roadster only)

Xenon headlights with LED daytime-running lights with automatic headlight range control. Also includes LED rear lights, brake lights and rear indicators

Door mirrors – electrically adjustable and heated with built-in LED side indicators and painted in body colour

Retractable rear spoiler – deploys and retracts automatically at set speed or when the centre console button is pushed

Interior equipment

3-spoke flat bottomed leather-trimmed multi-function Sports steering wheel – Includes speech dialogue system, adjustable in height and distance. With gear-shift paddles on S tronic models

Manual air conditioning with adjustable controls integrated directly in the air vents

Inlays in aluminium design

Aluminium door sill trims

Non-smoking package – Includes standard 12V socket

Seats

Front Sports seats with integrated head restraints with manual forwards, backwards and backrest angle adjustment (on driver's and front passenger's side)

Alcantara/leather upholstery

- Seat centre panels and door trim inserts in black Alcantara
- Seat side bolsters and head restraints in black leather

ISOFIX child seat mounting for front passenger seat (with airbag deactivation) and outer rear seats. Including Top Tether attachment point

Split folding rear seat (Coupé only)

Safety and security

Roll-over bars – enhance safety for the driver and front passenger (Roadster only)

Front airbags with front passenger deactivation

Tool kit, warning triangle and car jack

Keyless go – allows engine to be started by simply pressing the start/stop button in the centre console

Anti theft Alarm

First aid kit

Tyre pressure loss indicator

Audi lane assist including windscreen sunband (2.0 TFSI and TTS only)

Fully automatic acoustic hood

3-spoke multi-function steering wheel*

Manual air conditioning

*Image shown also features aluminium foot rest. On UK models this will be black.

S line model equipment

In addition to Sport model equipment

Basic RRP
£2,125.00

Total RRP inc VAT
£2,550.00

Wheels, tyres and suspension

19" x 9J '5-arm Star' design alloy wheels with 245/35 R19 tyres

Optional S line Sports suspension – lowered by 10mm. Must be ordered using code 1BV at no charge

Exterior equipment

All-weather LED headlights. LED technology provides lower energy consumption and enhanced contrast with a colour similar to daylight, for increased safety and good recognition by other road users. Includes all-weather light function to reduce the risk of the driver being dazzled when visibility is poor (in fog, rain or snow). Also includes Headlight cleaning system

LED tail lights including LED dynamic rear indicators

S line badges on the front wings

Radiator grille in high-gloss black

S line body styling comprising:
- S line front and rear bumpers
- S line side sills
- S line rear diffuser with platinum grey insert

Interior equipment

S line badge on the steering wheel

Extended aluminium look in the interior with pedals in stainless steel

Inlays in matt-brushed aluminium

Door sill trims with S line logo

Gear lever knob in black perforated leather

Black headlining

Seats

Black Alacantara/leather upholstery with 'S' embossing and contrasting silver stitching on the upholstery, steering wheel and gear knob gaiter

Electric 4-way lumbar support – for front seats

Safety and security

Light and rain sensors – Automatically switches the dipped beam headlights and windscreen wipers on/off depending on the light and rain conditions. Includes coming home/leaving home function which delays the deactivation of the front and rear lights after locking and automatic activation of the lights when unlocking and windscreen sunband

19" x 9J '5-arm Star' design alloy wheels

All-weather LED headlights

LED tail lights including LED dynamic rear indicators

RRP – Recommended Retail Price. VAT is calculated at 20% but this may alter to reflect any change in the applicable VAT rate.

Image shows S line models in Daytona grey, pearl effect paint (6Y) with optional 20” x 9J “10- Y-spoke” design alloy wheels (CE5) on the Coupé and 19” x 9J ‘5-spoke Blade’ design wheels (C5H) on the Roadster

TTS quattro model equipment

In addition to Sport model equipment

Wheels, tyres and suspension

19" x 9J '5-parallel-spoke Star' design alloy wheels 245/35 R19 tyres

Audi magnetic ride with vehicle lowering:
- Audi magnetic ride continuously adapts the suspension damping in the Audi TTS models to the changing driving situation
- It does this automatically and in just a fraction of a second by means of an electronically controlled magnetic field
- The body is 10mm lower than the Audi TT suspension, creating an even sportier driving feel

Audio and communication

Audi Sound System. 8 active loudspeakers including 2 woofers in the doors for balanced sound on all seats. 5-channel amplifier in the glove compartment with a total output of 155 Watts

Audi Virtual Cockpit with a 3rd TTS specific screen

Exterior equipment

All-weather LED headlights. LED technology provides lower energy consumption and enhanced contrast with a colour similar to daylight, for increased safety and good recognition by other road users. Includes all-weather light function to reduce the risk of the driver being dazzled when visibility is poor (in fog, rain or snow). Also includes Headlight cleaning system

LED tail lights including LED dynamic rear indicators

'S' design body styling comprising:
- Audi Singleframe grille in platinum grey featuring horizontal double struts in aluminium-look as well as a TTS emblem
- TTS front bumper with accentuated side air inlets with horizontal aluminium-look slats and side sill trims
- TTS rear bumper incorporates a diffuser insert in platinum grey with a surround in aluminium-look

Brake calipers painted black with TTS logo

TTS badges on the front wings

Door sill trims with aluminium inlay and TTS logo

Interior equipment

Auto-dimming rear-view mirror

Coloured interior elements in quartz antracite: on the side of seat, sides of the centre console and air vents

Foot pedals in stainless steel

Inlays in matt brushed aluminium

Flat-bottomed TTS Sport 3-spoke contour leather multi-function steering wheel, with more heavily contoured steering wheel rim and TTS badging

Seats

Super Sports seats upholstered in Fine Nappa leather with S embossing
- Manual adjustment of the seat height, front and back position, seat angle and backrest angle
- Electric 4-way lumbar support

Heated front seats

Leather package – Armrests in the doors, door pull handles, trim on the centre console and instrument panel cover in black leather

Safety and security

Audi lane assist – helps the driver stay in lane by gentle steering intervention, thereby providing enhanced safety and comfort, especially on motorways and country roads

Light and rain sensors – Automatically switches the dipped beam headlights and windscreen wipers on/off depending on the light and rain conditions. Includes coming home/leaving home function which delays the deactivation of the front and rear lights after locking and automatic activation of the lights when unlocking and windscreen sunband

19" X 9J '5-parallel-spoke Star' design alloy wheels

Brake calipers painted in black with TTS logo

TTS rear bumper incorporates a diffuser insert in platinum grey with a surround in aluminium look

RRP – Recommended Retail Price. VAT is calculated at 20% but this may alter to reflect any change in the applicable VAT rate.

Order Code		Sport	S line	TTS quattro	Basic RRP	Total RRP inc VAT
PX2 PU7	**LED headlights.** All-weather LED headlights for all front lighting functions. LED technology provides lower energy consumption and enhanced contrast with a colour similar to daylight, for increased safety and good recognition by other road users. Includes all-weather light function to reduce the risk of the driver being dazzled when visibility is poor (in fog, rain or snow). Also includes Light and rain sensors (PU7) and includes LED tail lights with dynamic flashing rear indicators and headlight cleaning system	•	S	S	£1,412.50	£1,695.00
8G1	**High-beam assist.** Working within system limits, automatically detects the headlights of oncoming traffic, the rear lights of other road users and built-up areas and, depending on the traffic situation, the high beam is automatically switched on or off. Only in combination with Auto-dimming rear-view mirror with Light and rain sensor package (PU7)	•	•	•	£133.33	£160.00
PXC PU7	**Audi Matrix LED headlights.** Audi Matrix technology provides maximum and precise illumination at all times without dazzling other road users whilst minimising energy usage. The Matrix LED units each incorporate 12 separate controllable LEDs which form the high beam and can be individually shut off when sensors detect traffic ahead or approaching, to 'divert' the beam around other road users without diminishing its effectiveness. The vehicle uses information from a camera to detect other road users and identify the appropriate lighting required. Also includes: - Dynamic front and rear indicators which sweep from inside to out - Headlight cleaning system (8X1) - Light and rain sensors with auto-dimming rear view mirror (PU7)	• –	– •	– •	£1,979.17 £787.50	£2,375.00 £945.00
VW1	**Privacy glass.** Dark tinted rear and rear-side windows from B-pillar backwards. Coupé only	•	•	•	£375.00	£450.00
6XE	**Door mirrors –** Electrically adjustable, folding and heated. Also includes an automatic kerb view dipping function on the passenger side when reverse gear is selected	•	•	•	£179.17	£215.00
6XK	**Door mirrors –** Auto-dimming on the driver's side, electrically adjustable, folding and heated. Also includes an automatic kerb view dipping function on the passenger side when reverse gear is selected. Only in combination with auto-dimming rear-view mirror (PU7)	•	•	•	£233.33	£280.00
2Z0	**Deletion of model and technology designation**	•	•	•	No charge	No charge

Safety and security

Intelligent technology designed to give you better all-round awareness and safety on the road.

The drivers assistance systems featured on these pages work only within system limits. They assist the driver with driving tasks. However, the driver remains responsible for driving the vehicle and is required to be attentive.

Options are subject to availability and may extend delivery.

UH2	**Hold assist**	●	●	●	£75.00	£90.00
7X1	**Audi parking system, rear** (also available as part of the Comfort and Sound package). The system warns the driver about obstacles with a warning tone which gets progressively faster as the vehicle moves closer to the obstacle	●	●	●	£358.33	£430.00
7X2	**Audi parking system plus, front and rear with selective display.** In addition to Audi parking system rear, also includes: - - Selectable sensors and detection systems for the front of the vehicle - A visual display in the virtual cockpit which shows the parking situation around the vehicle, displaying white distance markers for obstacles that would not be touched and red symbols for obstacles that may be touched	●	●	●	£700.00	£840.00
	In combination with Comfort and Sound package	●	●	●	£341.67	£410.00
7X5	**Audi parking system plus, with park assist.** In addition to parking system plus front and rear with selected display: - - Ultrasonic sensors are used to search for parking spaces by the roadside and the system calculates the ideal parking path for reverse and parallel parking spaces - The steering action is performed almost automatically - Assisted parking is now even possible in smaller parking spaces and bend areas, and the system will park the car in several moves if required - Steering is done by the vehicle, while the driver only needs to accelerate and apply the brakes - Additional sensors indicate obstacles detected all around and at the side of the vehicle, and warn the driver, making parking easier and safer by setting the correct steering angle	●	●	●	£891.67	£1,070.00
	In combination with Comfort and Sound package	●	●	●	£533.33	£640.00

Audi parking system plus, with park assist

Audi parking system plus, with park assist

Safety and security

Intelligent technology designed to give you better all-round awareness and safety on the road.

The drivers assistance systems featured on these pages work only within system limits. They assist the driver with driving tasks. However, the driver remains responsible for driving the vehicle and is required to be attentive.

Order Code		Sport	S line	TTS quattro	Basic RRP	Total RRP inc VAT
8T6	**Cruise control.** Maintains any speed above 18mph, provided that the engine power output and engine braking effect permit it. Operated via separate steering column stalk, with set speed displayed in the virtual cockpit	●	●	●	£245.83	£295.00
6I1	**Audi active lane assist.** Helps the driver stay in lane, with gentle steering intervention, providing enhanced safety and comfort, especially on motorways and country roads: - - Working within the system limits, it functions between speeds of approx 37mph to 155mph* and detects lane markings - It then helps the driver remain in lane by active steering intervention and, if desired, vibration when inadvertently leaving the lane without indicating - The system is activated manually by a switch on the indicator stalk (Standard on 2.0 TFSI and TTS engines) Only in combination with Auto-dimming rear-view mirror with light and rain sensor package (PU7) on the 2.0 TDI engine with Sport trim	●	●	S	£541.67	£650.00
7Y1	**Audi side assist.** Increased safety thanks to monitoring of the blind spot: - - Working within the system limits, it functions above 19mph using radar sensors to monitor the areas to the side behind the vehicle - It then informs the driver with a visual warning signal in the door mirror if there is a vehicle in their blind spot or approaching quickly from behind - The system is activated using the MMI car settings	●	●	●	£495.83	£595.00
QR9	**Traffic sign recognition.** The camera-based recognition of traffic signs function enables the current statutory speed limit to be conveniently displayed in the Audi Virtual Cockpit. Should the camera fail to see a sign properly, the speed limit from the data for the navigation system will be shown instead. Some advantages of this system are: - Current detected speed limits, including additional signs, are displayed at all times in the Audi Virtual Cockpit - In addition, speed limits are evaluated according to the situation if the road surface is wet or at certain times of day - Within system limits, the camera-based system also recognises temporary speed restrictions at road works and on digital signs (e.g. overhead signs on motorways) Only available in combination with Technology package featuring Audi Connect (WB4) and auto-dimming rear-view mirror with light and rain sensor package (PU7) on the 2.0 TDI engine with Sport trim	●	●	●	£133.33	£160.00

Looking after your Audi

When you've chosen your ideal model, it's reassuring to know that it will remain in safe hands. That's why we've created products to protect your Audi, such as extended warranties. And there's also a range of Audi accessories and merchandise to choose from, enabling you to further enhance and safeguard your car.

Warranty

All new Audi models now come with a choice of a three, four or five-year warranty.* What's more, if you decide to sell your Audi before the warranty expires, it will be fully transferred to the new owner. So, whichever length of warranty you choose, you can forget about unexpected repair bills and enjoy several years of carefree driving.

Order Code		TT	TTS Coupé	Basic RRP	Total RRP inc VAT
–	**Audi Warranty,** covering you for unlimited mileage in the first two years of ownership, and up to 60,000 miles in the third year. Transferable between owners**	S	S	No charge	No charge
EA6	**Audi Warranty,** covering you for up to 4 years or 75,000 miles, whichever comes sooner. Cover includes a two-year unlimited mileage warranty, and up to 75,000 miles in the third and fourth years. Transferable between owners**	•	•	£320.83	£385.00
EA9	**Audi Warranty,** covering you for up to 5 years or 90,000 miles, whichever comes sooner. Cover includes a two-year unlimited mileage warranty, and up to 90,000 miles in the third, fourth and fifth years. Transferable between owners**	•	•	£754.17	£905.00

Options are subject to availability and may extend delivery.

Accessories

Choosing an Audi isn't just a matter of deciding on the model you want; it's about creating a car that suits your needs perfectly. And that's why we've developed a range of accessories to enhance your TT Coupé, enabling you to customise it down to the last detail. Like your Audi, all these accessories are developed to the highest possible standards. They're all available exclusively from Audi. To find out more, just visit **audi.co.uk/accessories** or contact your local Audi Centre.

Warranty

All of the accessories available on the TT Coupé are covered by a three-year warranty* if they are ordered and included in the purchase price of the car at date of delivery. Any accessories ordered and installed after delivery include a two-year warranty.*

*Excluding Road Angel products.

Audi Accessories warranty terms and conditions can be found at audi.co.uk

Merchandise

From the enthusiasts' motorsport collection to the sophisticated Audi collection, there's a wide variety of adults' and children's clothing, lifestyle accessories and collectables, all of which bear the Audi name.

Please speak to a member of our team at your local Audi Centre to see the full Audi collection and to place an order. A selection of Audi merchandise is also available to buy from **audi.co.uk/merchandise**

The Audi Difference

The experts in Vorsprung durch Technik

Our Audi Approved Master Technicians have undergone an impressive 100,000 hours of training over a 10-year programme to ensure they have the latest technical expertise for maintaining and servicing your Audi. All our Service Advisors undergo a specialist induction and training to ensure they are Audi professionals and able to talk to you about any issues you may have with your Audi vehicle.

Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you enhance the future re-sale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

We offer two different schedules: the fixed Inspection Service and the Flexible Service schedule. The conventional fixed Inspection Service schedule has fixed intervals for the Oil-change Service and Inspection Service, which are determined by time and distance.

With the Flexible Service schedule, the Inspection Service intervals are also fixed but the Oil-change Service intervals are variable. Sensors take account of driving style and conditions to determine when the Oil-change Service is required and the driver is informed via the on-board service interval display.

The choice of Service Schedule will depend on journey type and mileage as well as individual driving style and conditions. The table to the right can be used for guidance but your Audi Centre will help you to determine the most suitable Service Schedule for you based on your individual circumstances and preferences.

Fixed Inspection Service Schedule

	Vehicle usage:
Mileage	Less than 10,000 miles per annum Mainly city/town centre driving. Short journeys.
	Service intervals:
Oil-change Service	Fixed to every 9,000† miles/1 year
Inspection Service	Fixed to every 19,000† miles/2 years

Flexible Service Schedule

	Vehicle usage:
Mileage	More than 10,000 miles per annum Motorway and main road driving. Mainly longer distance journeys. Constant speeds.
	Service intervals:
Oil-change Service	Variable to a maximum of every 19,000† miles/2 years
Inspection Service	Fixed to every 19,000† miles/2 years

When a vehicle is frequently used in the following conditions, we recommend a Fixed Inspection Service Schedule, regardless of mileage:

Uneconomical driving styles, e.g. heavy acceleration and braking, constant use of high revs

High engine-loading conditions, e.g. frequent towing and hill climbs

†As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

Your convenience comes first

At Audi you can choose from a range of convenient services that suit your needs. Why not book a 'service while you wait' appointment* and enjoy our complimentary refreshments while your car is with us? Or, if you need to be mobile, take advantage of one of our courtesy cars which we can even deliver to you.* We guarantee we can service your Audi within 5 days without a courtesy car or within 10 days if you need transport. We will also ensure your car is returned to you with a full valet.

Audi Genuine Parts

You can rest assured that only Audi Genuine Parts will be used on your vehicle. What's more, Audi parts and labour come with a 2-year guarantee.**

No hidden costs

We believe strongly in transparency when it comes to our prices. For added peace of mind, we will give you a quotation over the phone for the work you have requested and email you the price confirmation. We'll consult you if any additional work on your car is needed when it is with us. We won't carry out any extra work without asking your permission first.

All part of the service

Whenever we see an Audi for a service, we connect it directly to our headquarters in Ingolstadt which enables us to check your car's software and make sure it's as up-to-date as possible. If the factory has released a software upgrade for your model, it can be applied immediately – improving anything from your car's efficiency to the precision of its parking system.

Audi Roadside Assistance

Your new car comes complete with 3 years' complimentary roadside assistance and recovery across the UK, provided by Automobile Association Insurance Services Limited. Also included is roadside assistance throughout Europe, managed by Automobile Association Insurance Services Limited.

For further information and terms and conditions please visit audi.co.uk

*Subject to availability.

Pricing and Additional information

Welcome to Audi

By placing an order for your Audi, you're choosing to get behind the wheel of one of the most sophisticated cars on the road. And because we believe the service we offer should be just as advanced, we want to let you know exactly what you can expect from us, now and in the future.

We've agreed a set of standards with all our Centres which governs the way we do business with you. It outlines the kind of service we promise to deliver for every customer, right down to filling each new Audi we sell with half a tank of fuel.

So whether you're interested in the date your car will arrive in the UK or the way we'll dispose of non-biodegradable materials after we service your Audi, you can have total confidence in us.

Audi Promise

Audi Centres

We guarantee that all our Centres will be open as follows:

Sales: Monday to Friday 9am–6pm
Saturday 9am–5pm

Service: Monday to Friday 8am–6pm
Saturday 8.30am–1pm

Sunday opening is at local discretion.

New car delivery

Once we've confirmed a delivery date for your car, we'll keep you informed of progress. Subject to reasonable notice, we'll then deliver it to a place of your choice, whether that's your home or work. In the unlikely event of a delay, we'll provide a courtesy car to minimise inconvenience and keep you mobile.

Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner.

Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 20%, but this may alter to reflect any change in the applicable VAT rate.

Delivery charges and number plates are not included in the vehicle price.

Delivery charge	£471.66
Number plate	£20.00
VAT	£98.34
Total	£590.00

Audi Customer Care

Every new Audi benefits from the comprehensive Audi Customer Care Package, which comprises:

- A 3-year Audi warranty, which covers you for unlimited mileage in the first 2 years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the 3rd year
- A 3-year paint warranty
- A 12-year anti-corrosion warranty
- 3 years' UK roadside assistance and recovery

You also have the option when ordering your new car of choosing a 4-year or 5-year Audi warranty. Speak to a member of the sales team for more information.

Audi tax-free sales

If you are entitled to purchase a vehicle free of VAT, normally through military or diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call 01908 548 356.

Audi Finance

Audi Finance specialises in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there is a range of funding options to choose from.

Below is the full range of finance products, which comprises:

- Solutions – a Personal Contract Plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all products, you can choose a fixed-cost maintenance plan designed to help you budget accurately.

No matter which Audi model you choose, your local Audi Centre can provide you with a personalised quote designed to fit your budget and motoring needs.

Audi Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Audi Insurance

We want you to start enjoying your new car from day one and thanks to Audi Insurance complimentary 7-day cover, you can. Call free on 0800 316 7893 (lines are open Monday to Friday 8am–9pm, and Saturday 9am–5pm), provide a few details and a cover note will be sent to your Audi Centre. They will then tax your car and you can drive it away.

Audi Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited, an appointed representative of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230. Audi Insurance is sold, underwritten and administered by Allianz Insurance plc registered in England number 84638. Registered office 57 Ladymead, Guildford, Surrey GU1 1DB. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are authorised and regulated by the Financial Conduct Authority. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are not part of the same corporate group.

CO_2 data and information

CO_2 emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO_2) a vehicle emits, measured in grams per kilometre (g/km). First year VED rates apply to the first year of ownership. Annual VED rates apply thereafter. The DVLA has created thirteen categories:

Petrol and Diesel engines	First year	Annual rate (second year onwards)
A – up to 100g/km	£0.00	£0.00
B – 101 to 110g/km	£0.00	£20.00
C – 111 to 120g/km	£0.00	£30.00
D – 121 to 130g/km	£0.00	£110.00
E – 131 to 140g/km	£130.00	£130.00
F – 141 to 150g/km	£145.00	£145.00
G – 151 to 165g/km	£180.00	£180.00
H – 166 to 175g/km	£290.00	£205.00
I – 176 to 185g/km	£345.00	£225.00
J – 186 to 200g/km	£485.00	£265.00
K – 201 to 225g/km	£635.00	£285.00
L – 226 to 255g/km	£860.00	£485.00
M – over 255g/km	£1,090.00	£500.00

Vehicle Excise Duty (VED) rates correct at time of going to print, but these may alter to reflect any change in the applicable VED rate.

Audi Connect

An external data source is required to enable Audi Connect online services. One of two can be used:

1. A mobile telephone with Bluetooth SIM Access Profile – to check the compatibility of your mobile phone and whether it has SIM Access Profile compatibility, please visit www.audi.co.uk/phonecompatibility
2. A separate SIM card which can be inserted in the included SIM card reader. When a separate SIM card is used, hands-free phone calls are possible using the SIM card or by connecting a different mobile telephone via Bluetooth Hands Free Profile

Online services are only available for mobile phone contracts or SIM cards which include a data option with the use of LTE, if LTE usage is required. Online services will only be available within the coverage of the mobile phone network; there may be additional costs for the use of these services (charges and billing correspond to the personal mobile phone contract or SIM card contract). Due to high data volumes, a mobile phone contract including an unlimited or high usage data plan is strongly recommended. The content and scope of the online based services offered may vary.

The Audi Connect services are provided for at least one year from vehicle delivery. After 24 months from delivery of the vehicle, the term of the Audi Connect services will be extended free of charge once for 12 months.

Audi Connect enables access to the services of Facebook, Google and Twitter. Permanent availability cannot be guaranteed as this is the responsibility of Facebook, Google and Twitter.

Please note that the services received are also dependent on the capability of your mobile phone.

Google and the Google logo are registered trademarks of Google Inc.

The availability of services supported by Audi Connect varies from country to country.

Online Map updates

The map version delivered can be updated with the first 5 updates which are issued at intervals of 6 months. The current navigation data can be downloaded from the myAudi Platform at www.audi.com/myaudi and installed in the vehicle via SD card. In conjunction with Audi Connect, the update can be carried out online in the vehicle. In addition it is possible to have the new navigation data installed by an Audi partner at extra cost.
